INDEX TO VOLUME 125

Adams, John, and Massachusetts constitution, (Homans), 286
Albert Einstein Centenary Symposium. See Symposium, Einstein
ALBERT, DAVID H., Thoreau's India, 104
America, and the Crusades (Mayer), 38
Animals, in Quechua universe (Urton), 110
Anthropology, Malinowski's style (Payne), 416; religion in Truk (Goodenough), 411; Lewis Henry Morgan (Spoehr), 449
ASHWORTH, WILLIAM B., JR., John Bevis and His Uranographia, 52
Astronomy, in Quechua universe (Urton), 110
AUSTRIAN, ROBERT, development of pneumococcal vaccine, 46

Baur, Erwin, and German eugenics between two world wars (Glass), 357
BEDINI, SILVIO, papal pachyderms, 75
Behavior, understanding of (Dethier), 460
Bevis, John, and his uranographia (Ashworth), 52
Black holes, lesson of (Wheeler—Albert Einstein Centenary Symposium), 25
BRAIN, JAMES LEWTON, shipboard initiation rites, 128
BROOKS, HARVEY, perspectives on the energy problem (Symposium on Energy), 245
Builders, megalith (South Asian)—dental pathology in (Lukacs), 220

Cairo, geniza, horoscopes from (Pingree and Goldstein), 155
CAMPISI, JACK, Oneida language project (with Hauptman), 441
CARROLL, DIANE LEE, antique soldering formulas in the *Mappae Clavicula*, 91
CHOQUETTE, CLIFFORD J., Nettie Maria Stevens (with Marilyn B. Ogilvie), 292
Constitution, Massachusetts and John Adams (Homans), 286
Cope, Thomas Pym, and Philadelphia Waterworks (Maass), 134
CROW, JAMES F., energy risks, (Symposium on Energy), 262
Crusades, and America (Mayer), 38
Cytogenetics, Nettie Maria Stevens and (Ogilvie and Choquette), 292

DAVID, EDWARD, JR., synfuels and syn-ethics, 277
Dental, pathology, in South Asian megalith builders (Lukacs), 220
DETHIER, VINCENT G., fly, rat, and man: understanding of behavior, 460
DICKE, ROBERT H., observational foundation of Einstein's theory of gravitation (Albert Einstein Centenary Symposium), 16
Eclipse, lunar, demotic (Neugebauer, Parker, Zauzich), 312
Einstein, Albert, centenary symposium, 1; search for the *weltbild* in (Holton), 1
Einstein, theory of gravitation (Dicke), 16; and the physics of today (Weinberg), 20
Energy, symposium on. See, Brooks, Gibbons, Crow, and Rose, 245
Eugenics, German, between two world wars (Glass), 357
Fly, rat, and man, and behavior (Dethier), 460
FRYXELL, FRITIOF, M., Ferdinand Vandeveer Hayden and U.S. Geological Survey (with Nelson and Rabbitt), 238

Geniza, Cairo—horoscopes from (Pingree and Goldstein), 155
Geological Survey, U.S. and Ferdinand Vandeveer Hayden (Nelson, Rabbitt, Fryxell), 238
Germany, eugenic research between two world wars (Glass), 357
Germany, South, traveling journeyman in (Werner), 190
Gerusalemme Liberata, first illustrations for (Lee), 329
GIBBONS, JOHN H., energy productivity, (Symposium on Energy), 251
GLASS, BENTLEY, German eugenics between two world wars, 357
GOLDSTEIN, BERNARD, horoscopes from Cairo Geniza (with Pingree), 155
GOODENOUGH, WARD H., On describing religion in Truk, 411
Gravitation, Einstein's theory of (Dicke—Albert Einstein Centenary Symposium), 16

HAUPTMAN, LAURENCE, Oneida language project (with Campisi), 441
Hayden, Ferdinand Vandeveer, and U.S. Geological Survey (Nelson, Rabbitt, Fryxell), 238
Holes, black, lesson of (Wheeler—Albert Einstein Centenary Symposium), 25
HOLTON, GERALD, Einstein's search for the *weltbild*, 1
HOMANS, GEORGE C., John Adams and the constitution of Massachusetts, 286
Horoscopes, from Cairo Geniza (Pingree and Goldstein), 155

India, Thoreau's (Albert), 104
Initiation rites, shipboard (Brain), 128

Journeyman, traveling, in South Germany (Werner), 190

LEE, RENSSELAER W., Tasso's *Gerusalemme Liberata*, 329
Linguistics, Oneida language project (Campisi and Hauptman), 441
LUKACS, JOHN R., dental pathology and nutritional patterns of South Asian Megalith-builders, 220
Lunar, eclipse, text from first century (Neugebauer, Parker, Zauzich), 312

MAASS, ELEANOR A., Thomas Pym Cope and Philadelphia Waterworks, 134
Mahurjhari, evidence for dental pathology in megalith builders (Lukacs), 220
Malinowski, his style (Payne), 416
Mappae Clavicula, antique soldering methods in (Carroll), 91
Massachusetts, constitution of and John Adams (Homans), 286
MAYER, HANS EBERHARD, America and the Crusades, 38
Morgan, Lewis Henry, and his Pacific collaborators (Spoehr), 449

Negroes, Ottolenghe as catechist to (Van Horne), 398
NELSON, CLIFFORD M., Ferdinand Vandeveer Hayden and U.S. Geological Survey, (with Mary C. Rabbitt and Fritic M. Fryxell) 238
NEUGEBAUER, O., demotic lunar eclipse text of the first century, B.C. (with Richard A. Parker, and Karl-Th. Zauzich), 312

OGILVIE, MARILYN BAILEY, Nettie Maria Stevens (with Choquette), 292
Oneida, language project—1938–1941 (Campisi and Hauptman), 441
Ottolenghe, Joseph Solomon, and silk culture (Van Horne), 398; catechist to the Negroes, 398

Pachyderms, papal (Bedini), 75
Pacific, anthropological research by Lewis Henry Morgan (Spoehr), 449
PALMER, ROBERT E. A., topography and social history of Rome's Trastevere, 368
PARKER, RICHARD A., demotic lunar eclipse, (with Neugebauer and Zauzich), 312
Pathology, dental, in South Asian megalith builders (Lukacs), 220
PAYNE, HARRY C., Malinowski's style, 416
Philadelphia, waterworks, and Thomas Pym Cope (Maass), 134
Physics, and Einstein (Weinberg—Albert Einstein Centenary Symposium), 20
PINGREE, DAVID, horoscopes from Cairo Geniza, (with Goldstein), 155
Pneumococcus, development of vaccine for (Austrian), 46
Pope, and pachyderms (Bedini), 75
Productivity, energy (Gibbons), (Symposium on Energy), 251

Quechua, universe (Urton), 110

RABBITT, MARY C., Ferdinand Vandeveer Hayden and U.S. Geological Survey (with Nelson and Fryxell), 238

Religion, in Truk (Goodenough), 411
Risks, energy (Crow—Symposium on Energy), 262
Rites, initiation on ship (Brain), 128
Rome, topography and social history of Trastevere (Palmer), 368
ROSE, DAVID J., rational energy prospects for the long term (Symposium on Energy), 269

Shipboard initiation rites (Brain), 128
Silk, Joseph Solomon Ottolenghe superintends culture of (Van Horne), 398
Soldering, antique, methods in *Mappae Clavicula* (Carroll), 91
South Asian, megalith builders—dental pathology in (Lukacs), 220
South Germany, traveling journeyman in (Werner), 190
SPOEHR, ALEXANDER, Lewis Henry Morgan and his Pacific collaborators, 449
Stevens, Nettie Maria (Ogilvie and Choquette), 292
Symposium, Albert Einstein Centenary (Holton, Dicke, Weinberg, Wheeler), 1
Symposium on Energy (Brooks, Gibbons, Crow, Rose), 245
Syn-ethics, and synfuels (David), 277
Synfuels, issues for the industry (David), 277

Tasso, his *Gerusalemme Liberata* illustrated (Lee), 329
Thoreau, and India, (Albert), 104; impact on his reading, 104
Topography, of Rome's Trastevere (Palmer), 368
Trastevere, topography and social history for (Palmer), 368
Truk, religion in (Goodenough), 411

United States, Geological Survey, and Ferdinand Vandeveer Hayden (Nelson, Rabbitt, Fryxell), 238
Universe, Quechua, animals and astronomy in (Urton), 110
Uranographia, John Bevis's (Ashworth), 52
URTON, GARY, animals and astronomy in the Quechua universe, 110

Vaccine, pneumococcal, development of (Austrian), 46
VAN HORNE, JOHN C., Joseph Solomon Ottolenghe, 398

Waterworks, Philadelphia (Maass), 134
WEINBERG, STEVEN, Einstein and the physics of today (Albert Einstein Centenary Symposium), 20
Weltbild, search for, in Einstein (Holton—Albert Einstein Centenary Symposium), 1
WERNER, GEORGE S., traveling journeyman in Metternichian South Germany, 190
WHEELER, JOHN A., lesson of the black hole (Albert Einstein Centenary Symposium), 25

ZAUZICH, KARL-TH., demotic lunar eclipse (with Neugebauer and Parker), 312
